

SHAYAN

Computer Operator | Administrative Assistant | Junior Frontend Developer

📞 0092-315-3101764 ✉ shayansoftwareengineer@gmail.com 📍 Korangi, Karachi, Pakistan

PROFESSIONAL SUMMARY

Detail-oriented Computer Operator and Administrative Assistant with hands-on experience in office documentation, data entry, and daily coordination tasks across two roles. Proficient in MS Word, Excel, and PowerPoint, with a track record of accurate, timely reporting and reliable record-keeping. Currently expanding into front-end web development (HTML5, CSS3, JavaScript basics, Bootstrap, mobile-friendly responsive design, and basic MySQL), having built and deployed a personal portfolio site. Known for strong time management, dependability, and a fast learning curve — looking to bring the same accuracy and work ethic to a growing organization.

CORE SKILLS

Office & Administration

- MS Word, Excel & PowerPoint (advanced)
- Data entry & record management
- Report & document preparation
- Email handling & internet research
- Time management & task coordination

Technical / Web Development

- HTML5 & CSS3
